Which of the following statements is NOT true about sex trafficking?

☐ Sex trafficking essentially violates human rights because it instrumentalizes, commodifies and objectifies women.

☐ Sex trafficking refers to acts by which those who are on the higher rungs of a social hierarchy, by virtue of being a certain gender, belonging to a certain class, having no disabilities, etc., financially recruit those who are on the lower rungs and unilaterally expropriate their sexuality.

☒ Sex trafficking is not sexual violence because the former allows sex workers to exercise their right to sexual autonomy.

☐ Havocscope.com estimates that Korea has the sixth largest sex industry in the world.
